Dear Parent / Carers,

Year 2 Parent Maths Parent Workshop Wednesday 28th September 2022 9.00-10.15

I am delighted to invite you to a maths workshop in the hall to talk to you about the exciting maths that we teach your children in school.

As you are aware, we started a new programme for maths called Mathematics Mastery in September 2020. This programme allows us to teach maths so that ALL pupils have success. The way we teach maths has changed and I would like the opportunity to explain more to you at this workshop and the children will join us in the hall to play some maths games with you.

I know for some, maths can seem daunting but I promise I will not be asking you to answer any maths questions. It is just a way of giving you information so that you will feel confident in supporting your child at home with their maths.

I look forward to seeing you there.

Kind regards,
Hannah Simpson
